

2026 Southern California Showcase & Conference Individual Registration

Tuesday, September 15, 2026 | 2:30pm-8:00pm

You are invited to join the metal finishing industry's leading suppliers, vendors, shop operators and owners at the **MFASC Supplier Showcase & Conference** on **September 15th**. Suppliers to the metal finishing industry will be displaying products and services that can build your business.

Registered attendees will learn the latest technical advancements, material resources, educational information, and operational applications at this year's showcase.

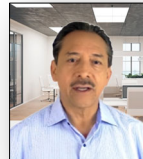

2026 Southern California Training Sessions

SESSION 1A: The Mindset of Effective Supervisors

Instructor: Eduardo Figueroa, MBA, www.betteremployees.net

2:30pm-3:15pm (Seminar in Spanish)

In this seminar, we will identify the qualities and behaviors of effective leaders. You will also learn practical tools to solve problems, improve communication, and build more engaged and productive teams.

SESSION 1B: Genesis "No Cost" Environmental Solutions

Instructor: Thomas deArth, Environmental Consultant

2:30pm-3:15pm (Seminar in English):

Genesis Engineering & Redevelopment, Inc. ("Genesis") specializes in the metal plating sector and has helped many facilities remove environmental liabilities with "Little to No Out of Pocket Costs." Examples include PFAS and property clean-ups.

SESSION 2: Practical Compliance with Hazardous Waste Treatment Requirements

Instructor: Bruce Armbruster, EHS Practice Director, ALL4

3:15pm-4:00pm (Seminar in English)

This presentation takes a practical, step-by-step approach to the decisions every metal finishing facility must make—from properly characterizing a waste stream and determining why it is hazardous, to evaluating whether onsite treatment is authorized under California's Tiered Permitting program. Attendees will learn a logical compliance that explains what to do, why it matters, and how to implement it.
